POWERPLUS

POWC2010 JIGSAW 350W

This basic 350W jigsaw is perfect for small sawing jobs. You can accurately saw curves and straight or wavy lines in wood, plastic or metal. Its compact design and soft touch makes it fit perfectly in your hand.

Its adjustable base tilts till 45 degrees in both directions, so even angled cuts are no problem with this POWC2010. The guide roller keeps the blade on course and provides the necessary stability.

The maximum cutting depth in metal equals 6mm, 20mm in plastic and 55mm in wood. The dust extraction adaptor permits connection to a vacuum cleaner for a clear view of the cutting line and a clean working environment, free of dust. A saw blade for wood is included.
